

# HR 90 and HR 120 Series Monochrome Video Monitors

The HR-90 and HR-120 series monitors provide a cost-effective solution for viewing images in almost any environment. The wide range of contrast and brightness ensures that a crisp, high resolution image will be available for even difficult images. The front panel allows access to all of the critical controls needed for proper enhancement.

*Model HR-90 (left) and Model HR-120 (right) monochrome video monitors from Dage-MTI*
